

Child Care Services Certification

Winter 2016

Did You Know ...?

Mojca Bas, Registrar of Certification, AECENL

AECENL and some organizations such as Child Care Lounge or The Care Courses School Inc, offer online workshop as one of the ways to provide professional development for Early Childhood Educators. Some of the benefits include completing them during your own time, at your own pace in comfort of your home. We have seen quite a few Early Childhood Educators engage in this particular way of learning, obtaining valuable new information and ideas to support them in professional growth. There have been occasions where ECE's would retake the same online course for renewal purposes. In those instances, we would not accept the PD certificates. The reason being is that information in online courses stay the same.

If you are interested in professional development offered online, please follow this link:

The link will take you to AECENL's current website Professional Development page refer to *Online Professional Developmental links*.

If you are unsure if a PD opportunity, either in the form of workshop, online workshop, webinar, seminar, course, etc. would count towards your renewal please contact either the Registrar or Director of Professional Development. We will be more than pleased to help.

Please send in your questions for future newsletters!

Do you hold an Entry Level CCS Certification?
Are you attending a Post-Secondary Institution to obtain an ECE certificate/diploma?
